

3E ACCOUNTING GOES GLOBAL WITH OFFICES IN OVER 80 COUNTRIES

 Published: 17 Feb 2020

3E Accounting International now boasts a presence in 80 countries, with over 1,450 staff working 116 offices.

3E Accounting was founded by Lawrence Chai in 2011 to provide professional corporate services to SMEs and start-ups. To help local firms expand overseas, the accounting firm launched the global 3E Accounting International brand in 2016.

Chai said: "The ethos of Singapore-headquartered 3E Accounting International is to be an enabler for small businesses and start-ups to expand overseas. We made this breakthrough by forging a strategic partnership with network members around the world.

The formation of our international accounting network demonstrates that even a Small and Medium-sized Accounting Practice, SMP for short, can provide services to international clients and compete with the best of international firms when going global."
